President's Message

Dear OGS Members,

April is here with spring weather and the Olympia Genealogical Society *Seminar* on Saturday the Twenty-first!

This year we have **Deanna Egeland Dowell** for the morning session with lots of hints and helps in finding your ancestors in Norway. An experienced genealogist, she has spoken and taught on the Olympic Peninsula for more than 5 years. Deanna will have great information for all of us on successful researching and turning those brick walls into bridges to your ancestors.

The afternoon session features **Jo Ann B. Winistorfer** who has extensive experience researching in the prairie states, particularly the Dakotas and co-authored Tracing *Your Dakota Roots*. Many ethnic groups came to America to settle in the Dakotas including the Norwegians and Germans from Russia. Jo Ann will discuss the history of Dakota settlement patterns of population "booms" and "busts" and the records generated in the process. Not specific to the Dakotas, she will have miscellaneous research tips, resources and a research case study filled with examples that can help anyone.

In addition to the speakers, there will be two members of the Nordic Exposure Norwegian band to entertain while we eat a Scandinavian lunch catered by Plenty Restaurant of Olympia. The Heritage Quest Library will have a newly expanded inventory of genealogy books from their store to browse and buy. A local group of Rosemalers (decorative painters) will have a demonstration of their distinctly Scandinavian Craft. In other words, there will be lots to hear, see and learn for everyone interested in genealogy and history as well as those with roots in Norway and the Dakotas. Oh! I forgot to mention that **Keith Laws** will be bringing his Viking ship (15 feet long!). It's hard to imagine, but these open boats brought people across the North Atlantic to the Americas long before Columbus. The ship is decorated with shields representing each of the Norwegian provinces.

Starting April 1 you can stop by the Olympia and Lacey Timberland libraries to see the display cases in their front lobbies where **Linda Fialkowski** will have wonderful, distinctive examples of the art and heritage of Norway.

Marilyn Cannon will be at the next OGS meeting on April 12 if you have questions about the seminar or would like to register. We will be honoring the lower preregistration fee for anyone wanting to signup that night.

All profits from this and all of the OGS Seminars go to buy books for the Genealogy collection at the Olympia Timberland Library. More than two thousand books have been purchased by the Society or donated by OGS members in the last 30 years. In addition to the books OGS has donated a computer, printer and CD-ROMs for the benefit of local researchers.

President

Reunion Planning

By Jim Lawson

Jim & Essie Lawson had seven sons. This reunion is for their descendants. Reunions were held in 1979 and 1981. Ten years later I contacted a cousin who had helped plan those reunions and asked her to help me plan one. Forty five people showed up. There was enough interest in doing it again, that we immediately began thinking about the next year. Since then I have been actively involved in the planning. What follows is my plan. Others will do it differently.

Since the majority of those who attend regularly live along the Seattle – Portland corridor, we use Lewis and Clark State Park just south of Chehalis on Highway 12. Each year the reunion is on the first Saturday in August. This establishes consistency and allows people to plan accordingly. August was chosen arbitrarily because it is in the summer and those with children in school can plan a vacation around the reunion. Also the weather is generally warm and sunny.

The planning begins in January when I call the park to reserve a kitchen. This eliminates the need for someone to camp at the park or be there when it opens to reserve the other kitchen, which is first come, first serve. When I receive confirmation from the park that the kitchen has been reserved, I draft a letter to all cousins telling them the date of the reunion. When possible I send it as an email attachment. For those who are receiving the letter in the regular mail I use colored paper. This catches the eye and stands out when it's dropped on a cluttered desk. Around Memorial Day a flyer is sent to every-body as a reminder that the date is fast approaching. The flyer is something simple that can be created using Word Art and it also is put on colored paper.

The meal is a potluck picnic. In the ten years that we've been holding the reunion, there has never been a problem with too much of any one thing, be it salad, entrée, desert, etc. Individuals are told to provide their own table service and beverages. The Head Ranger prefers that no alcoholic beverages be present.

On the day of the reunion I try to be the first one there, arriving around 9:00 – 9:30. I have a large sign (3' X 4') that says Lawson Reunion that I hang in a prominent spot. This way newcomers know "This is the place". Another volunteer also arrives early to act as a greeter and to get people to register on prepared sign-up sheets. Formal nametags have been prepared in advance for those that are anticipated. Blank nametags are available for surprise guests or first-timers. When there are 4 – 6 men present, we begin moving the tables closer together. This helps promote overall unity rather than having people scattered over a large area. Two or three tables are set aside for those who wish to bring photo albums or other items that would be of interest to the group.

After the meal photographs are taken. One individual is chosen in advance to act as MC. Photographs are taken of each individual family, the parents, their children and grandchildren, the family group and finally the entire group. As individual family photos are being taken, we ask one individual to introduce the family members. One cousin acts as official photographer and makes copies available at no charge to those who desire them. When I receive my copies, I immediately write the year and the names of the individuals on the back. This is especially important in the group picture.

In the letter I tell people how much it costs to put on the reunion. On the actual day, there is a basket that is clearly marked "Donations". On that sheet I again list the expenses.

After people leave, I or another individual will do a sweep of the area to ensure that it is left as clean as when we arrived. Attendance has varied over the years, from lows in the mid 30's to highs in the low 70's.

Excerpted from their website:

We provide live access to Federal land conveyance records for the Public Land States. We also provide image access to more than two million Federal land title records for Eastern Public Land States, **issued between 1820 and 1908**. Images of Serial patents (land titles issued between 1908 and the mid-1960's) have been added to this web site. Images related to survey plats, dating back to 1810, are added to the site state-by-state as each state's documents are completed. Due to organization of documents in the GLO collection, this site does not currently contain every Federal title record issued for the Public Land States.

Survey plats are a recent addition to this site. Survey plats were the official survey documentation used when land title was transferred (via a Land Patent) from the Federal government to individuals. The drawings were created to represent survey lines, boundaries, descriptions, parcels and subdivisions. They are critical historic documents that can be used to help researchers locate the land referenced in a land patent's legal land description (i.e. Meridian, Township, Range, and Section/Block).

EXCHANGE NOTES

by

Jean Laws & Pat Philippsen

The publications mentioned are sent to our society in exchange for our Quarterly which is sent to them. They are filed alphabetically by state and county in the vertical files in the genealogical section of the Olympia Library.

Some of them are eventually bound and placed with the bound periodicals in the genealogical section or in storage at the Montesano Library but can be ordered at the reference desk to be sent to your library for your use.

1881 trip to Colfax,
women's suffrage

Whitman Co Wa G. S. Jan 2007: An article from the New Northwest, a paper published in Portland Or from 1881-1887 by Abigail Scott Duniway. This is about her trip by coach in 1881 to Colfax and includes a description of the area and Abigail's campaign for equal rights and women's suffrage.

Thomas Young family
farm from 1866 to
present

Muskegan Co Mich Dec 2006: A story of the Young family centennial farm from 1866 to present and traces the descendants of Thomas Young and Elizabeth Deverell. Many states have a centennial farm project including Washington so that may be a new source for your research.

Boot Hill cemetery at
White River; local
murders

Kern Co Ca Sep and Oct 2006: The Sep issue has articles on Edward Meyer Kern, Topographer, artist and explorer and Boot Hill Cemetery at (Tailholt) White River, Tulare Co Ca. There are 6 men buried there, all of them died of gunfights and murder. Also an Indian girl befriended by one of the men. Oct issue of this periodical has several newspaper accounts of local murders

French cemetery

King Co G S Nov/Dec 2006: A very poignant article by a member on a French cemetery in Fontainebleau France. This detailed description is almost like being there and interesting to compare theirs with our cemeteries.

Genealogy Blogs

Kittitas Co Wa G S Jan 2007: Perhaps you are unfamiliar or confused by blogs--here is an article on genealogy and the use of blogs.

Wild local tales in
Oregon

Willamette Valley G S Fall 2006 and Winter 2007: Both issues are full of rather wild tales gleaned from local newspapers. These include divorce records. sad tales, lost wills. etc.

Hidden Treasures:
WWI Soldier Pen Pals

Milwaukee Co Wis G S Nov 2006: Every issue of this publication has Hidden Treasures in the Milwaukee Public Library. This issue tells about a unique collection called WW1 Soldier Pen Pals. The file was created by the Milwaukee Co Council of Defense. It consists of information on letters written by individuals and organizations to Milwaukee Co service people--not the letters themselves.

Old custom of picture
of dead child

Boulder Co Co G S Nov 2006: Are you familiar with the old custom of taking a picture of a dead child and saving a lock of hair? Here is a story of one such incident and more about the custom.

US map of start of
states' vital
registrations

Hemet-San Jacinto G S Dec 2006: Lots of good tips for researching including a handy outline map of U S showing date when state wide vital registration began.

- Untrue myths exposed** **Dawson Co Mt G S Oct 2006:** Lots of misinformation is repeated in genealogical publications. Two myths that aren't true. One was that officials at Ellis Island changed immigrant's names. The other is that passenger arrival lists were destroyed by fire in 1897 at Ellis Island. Read all about myths and why they aren't true.
- 1911 Canadian census use** **Bismarck Mandan Historical and G S Dec 2006:** This issue has a detailed article on the 1911 Canadian census and how to use it in spite of the fact it has no index. It is now online.
- Census curiosities** **Greater Omaha G S Jan 2007:** Have you ever run across census curiosities when reading the census? LDS members have while indexing and here are some samples. Can you top these? The wife, mother and daughter of James Christmas were all named Mary. Frank Guest was listed as a visitor. Emma Boatwright married a seaman. Phoebe Brain was a scholar. One woman's birthplace was listed as in stage coach between Nottingham and Derby. The occupation of 3 daughters was entered as "They toil not, neither do they spin."
- Marshall County, SD** **South Dakota G S Jan 2007:** This whole issue is on Marshall Co S D. You may not be from there, but by using PERSI or other sources, you may find a similar publication on your county and state of research.
- Bumper Stickers** **Crawford Co Ks G S Oct/Nov/Dec 2006:** Here are some genealogy bumper stickers you may not have seen.
He ain't heavy--He's my brother's aunt's sister's husband.
I only work on genealogy on days that end in Y.
I'm not stuck, I'm ancestrally challenged.
My ancestor was in a witness protection program.
- Where the plane crashed in Penn. on 9/11/2001.** **Rapid City S D G S Nov 2006:** You find unexpected things reading these publications. An article entitled "The Dress" was written by a lady whose ancestral land was where United flt 93 crashed in Penn. on Sep 11, 2001. When she visited the area and the memorial there, she was most moved by a plain United flight attendant's navy blue dress and she wrote a poem about it which is published here. The article also contains info on the Statler and Lambert families on whose land the plane crashed.
- Ten documents you should check** **Stillaguamish G S Nov/Dec 2006:** Here is a checklist of ten documents you should check for every person on your family tree. These include more info on the following: Death certificates, funeral records, cemetery records, obituaries, SS records, probate, private death records, coroner and medical examiner's records, medical and church records.
- Social history importance** **Jefferson Co Wa G S Winter 2006:** This issue explores social history and how it can add to your genealogical research. This includes gathering social history from the library, and the importance of researching friends, families and neighbors and a mid-Victorian wedding.
- Info on Family Search** **Washington State G S Newsletter Jan-Feb 2007:** Included in this publication is an article on the coming overhaul on the familysearch.org website. Also info on the indexing of its digitalized records and the new records which will be available in the future.

Growing library collection in Yakima Valley; Tracing 150 year old Bible	Yakima Valley G S Dec 2006: It has been a year since this society moved into their own library. The collection keeps growing and would be worth a visit when you're in the area. Also an article on how 2 cousins traced the family of a 150 year old Bible that had belonged to a neighbor.
New Mexico families; Hispanic homesteads	New Mexico G S Dec 2006: Article on Hispanic homestead entries on the Pajanto Plateau as well as info on many New Mexican families.
