Cover picture. Major General George H. Thomas 1816-70. Fought at Mill Springs, Murfreesboro, Hoover's Gap, Stevens' Gap, McLemore's Cove, Chickamauga, Chattanooga, 100 days Campaign, Peachtree Creek, and Nashville. A very astute non-politician, won every one of his engagements in the Civil War. Born in the South, fought for the North. A man of the "angle", he was too good to get rid of, and a thorn in the side of generals turned politician. He did his homework, left the road to his soldiers.*

PRESIDENT'S MESSAGE

Welcome back for another great year of researching your family! Hopefully your summer found you digging up more roots in your family tree. As we have heard during our September General Membership meeting, many were very successful in their genealogical research. Trips to Norway, the local library, sending off to have a foreign genealogist do research, DNA samples, etc. It was quite a summer!

We have a great year ahead of us. We will be hosting the WSGS 2006 conference. Being in the state capitol we will have a lot of local resources to share with our fellow genealogical societies.

We will be streamlining our newsletter editions this year. We will be emailing our newsletters to those members with email. We will be sending hard copies to those without email. This makes the Quarterly much more important to us. The Quarterly is a publication that should be kept for long term, whereas the newsletter is for more timely information, mainly upcoming meetings. The Quarterly will continue to have reports for new books in our genealogy section of the library & future events in the area. The Quarterly will continue to have Exchange Notes, which give abbreviated snippets of the most recent Exchanges that we receive from other societies. Lots of great information can be found in these. We will have special listings, which currently are the Thurston County Wedding Book & Olympia Civil War vets. Featured articles, diaries & memorials written by fellow members will continue to be included in the Quarterly.

So let's check it out!

Have a great quarter researching your family tree!

Kerry McHugh Upton

Additions and corrections

In the January 2004 issue of the Quarterly on page 13 we made an error in the spelling of a name. The parents of Richard Clarence Brown were Sidney Hampton and Rebecca (PETHOUD - not Pethold) Brown. As you know our quarterly is sent to the Allen Co, IN Public Library and each year our surname index is added to PERSI so this correction will enable a researcher elsewhere in the country to find this surname on the correct page in the correct issue.

PERSI is the largest and most widely-used subject index covering genealogy and local history periodicals written in English and French (Canada). The collection dates from approximately 1800. There are currently over 1.7 million searchable records and nearly 6,000 different periodicals, which library staffers at the Allen County Public Library have been compiling for over a decade. PERSI is widely recognized as essential for high-quality genealogy research.

Our thanks to Bernice Van Mechelen for bringing this error to our attention.

EXCHANGE NOTES

by

Jean Laws and Pat Phillipson

The publications mentioned are sent to our society in exchange for our Quarterly which is sent to them. They are filed alphabetically by state and county in the vertical files in the genealogy section of the Olympia Library. Some of them are eventually bound and placed with the bound periodicals in the genealogy section or in storage at the Montesano Library but can be ordered at the reference desk to be sent to your library for your use.

**NO TREASURES
IN THE TRASH**

Greater Omaha Nebraska Genealogical Society, June 2005. Here's a helpful hint. Write the "genealogy" of family heirlooms and place the info in an area such as under the seat of a chair. Include names of first owners, next generations, etc. You children will thank you and it may prevent a huge garage sale of family treasures.

GOLD FEVER

Willamette Valley Genealogical Society, June 2005. The whole issue is dedicated to man's search for gold. This includes the Blue Bucket find, Idaho mines, Yukon Country, the Klondike, the French Camp and much more.

**WHERE'S GREAT AUNT
MARY'S WILL?**

Greys Harbor Co Genealogical Society, May-June 2005. There is a long and helpful article on "Ladies in Your Lineage." Many examples are given. One is that maiden aunts and childless widows may leave extensive wills or probate records as they often left money and goods to nieces, nephews, etc with relationships named.

**NEW SEATTLE

- NEW RESEARCH POSSIBILITIES** Grant Co WA Genealogical Society, June 2005. If you are looking for new research ideas, read the article "101 Records you Might have Missed" This is an alphabetical list of some records you may not be aware of. Happy hunting.

**NEWSPAPER
MICROFILM**

Muskingum Co OH Genealogical Society, Aug-Sep 2005 A number of pages are devoted to clippings from the book "Muskingum County Genealogical Abstracts from the Zanesville Courier 1908." If you haven't reserched your family in old newspapers you may be missing a great deal. The ones that have been abstracted and published are priceless but you can do your own research by borrowing newspapers on microfilm from your local library and reading through them. Time consuming but rewarding and the smaller the town the better.

The records were sent to those counties and states as they were formed.

WOMENS' CITIZENSHIP

Black Hills Nuggets, The Rapid City Society for Genealogical Research, Inc., August 2005, features an article on the History of the Naturalization Laws. The first naturalization law was created in 1790. This law allowed aliens to apply for citizenship if they had lived in the United States for two years plus one year in the State in which they were currently residing. An Act in 1855 allowed alien women to acquire citizenship by marrying a United States citizen, or upon his naturalization. A woman's citizenship was directly tied to that of her husband. It was not until 1922 that women's citizenship was considered separate. Jurisdiction over naturalization has changed hands numerous times. Since 2003, the Immigration and Naturalization Service (INS) moved to the Department of Homeland Security and became the United States Citizenship and Immigration Services.

Spotted by Lee and Mary Lee Kisor - First aid for aging marble tombstones

This information was originally included in Glenn Haege's "Handyman Q & A" column in the July 9, 2005 Olympian. It's paraphrased here due to copyright considerations.

A family wrote inquiring about preserving marble slabs on six family graves which had suffered color change and weathering damage. The following suggestions were given by Sue Martindale at Stone Care International (www.stonecare.com) using products manufactured by Stone Care.

1. For heavy soiling use Stone Quest intensive cleaner, diluted 10 oz to 1 gallon of warm water. Apply the solution, let set for two minutes and wipe off.
2. To restore shine use SI Marbacream repolishing cream
3. Once the shine is restored clean again with SI's marbamist or Clean Encounters which include a pH neutralizer to stop any chemical reaction.
4. After the marble has dried for at least six hours seal it with SCI Stone Spray- a water-based penetrating sealer.
