Editorial

In order to include all of the material planned for this issue, it was necessary to reduce the type size in many cases and to delay the naturalization records we have been publishing.

A survey "to help the board in it strategic planning" was sent to the members and the results were discussed by the President at the June meeting. Items were ranked by importance, satisfaction level, and usage. Although at the bottom, there was space for comments, none was included with the items which leaves us in the dark about what changes you would like. I want to hear from anyone who has suggestions for upcoming issues of the *Quarterly*. I do occasionally receive a comment that someone approves of an article or feature and that is always appreciated. If you are not satisfied with the *Quarterly*, you need to let me know what you would like. As far as usage goes, a publication of this type must be designed for individuals who are researching in the local area of the society which is often not the local members. Benefits to them are to present ideas of the type of materials they might seek in the areas where they are searching, the issues we receive in exchange, and the exposure of their queries to many other researchers.

J. B. Neuberry's Civil War Diary

(Part 3, continued from April 2001)

Monday My 11th 1863 Cloudy rainy and cool. On guard again today made a broom for the captain Took in about \$12.00 for ferrying

Tuesday 12th Warm and pleasant I have a severe headache I read the papers and wrote some to Corrie

Wednesday 13th On guard again. Done a good deal of ferrying and took in \$14.00

Thursday 14th It rained last night but is clear this morning, have a bad swelling in my groin feel very soar all through my system from cold and have a bad headache all the time.

Friday 15th Cool last night clear and hot today. I feel worse and can hardly be about

Saturday 16th I spent a painful and restless night with very little sleep and am still getting worse. I have no appetite at all

Sunday 17th I got a letter from home today all were well I feel a little better than yesterday, wrote a letter home, bought some eggs

Monday 18th It is 9 months today since I volunteered. I am some better but far from well yet. Sent a letter home There came a Battery today from Gallatin and took a position on our right we don't know what it means

(page 102) Tuesday May 19th I now feel nearly well again. I am on guard About 50 mounted scouts and 100 infantry of our Brigade crossed the river on a foraging trip toward Lebannon

Wednesday May 20th Warm and clear Gen Paine came here from Gallatin and I sett him over the river as our scouts and foragers came in sight on their return. They had 14 prisoners 20 mules and about 35 head of good horses and lots of negroes. Wrote to Charley, Corrie and I Irvin.

Thursday 21st Clear and very warm A gun and steam boat went down the river today, and the gunboat, Fisher, came from Carthage with 86 sick and wounded soldiers, landed them here to send to camp Dennison. She starts back tomorrow morning. I was on guard last night and had put on the 3rd relief at midnight Place James Weeks at the ferry and had got back to quarters when I heard his gun fire. I ran down and found him doubled up on the ground, groaning loudly. I raised him and fund his right thumb shot off. His gun went off accidentally while his thumb was over the muzzle of it. we sent him to the hospital at Gallatin. (page 103)

Friday May 22th 1863 Warm and dry an 8AM we received orders to rejoin our regiment at Gallatin. We commenced packing up and bid farewell to our comfortable quarters and the Cumberland where we have had such a pleasant time for near two months past and arrived at or old place in camp at Gallatin fixed up our tents and are once more with our old Companions in Arms again

Saturday 23rd We finished fixing up our quarters and have to return to the regular camp discipline which we had neglected for some time past. A report came that the Rebs had crossed the River and the 70th Indiana went out to see about it. They returned soon, a false alarm

Sunday 24th Clear and Very warm we had company and Brigade Inspection. Last night I received a letter from Abel and his grandfather and wrote an answer today and one to Zimri Hackett at Blanchester.

Monday 25th Very warm and dry no signs of rain. Wrote and sent a letter home.

Tuesday 26th Still very warm, no rain, report says that Gen. Grant has taken Vicksburg. I hardly credit so good news

(page 104) Wednesday 27th 1863 I was on camp guard and had to act as Seargent Major at Guard Mounting.

Thursday 28th I sent a letter to Wm. B. Smith today. There is no confirmation of the fall of Vicksburg.

Friday 29th Cooler, a good shower of rain last night and rained nearly all day. I wrote and sent a letter to J.M. Wright.

Saturday 30th Warm and showery copied some poetry and sent home. Got a letter from Corrie. Orders came for us to be ready to march soon.

Sunday 31st Some rain and very warm. I wrote a letter for home it is now reported that our brigade will march tomorrow to the front.

Monday June 1st Clear and warm. We had Gen Inspection at 7AM Struck tents and burned(?) our quarters and extra clothing and blankets at 2PM then marched to the depot at 3 1/2 pm. got on a train, started at 4P.M Arrived at Nashville at 6 1/2P.M. Am at Lavergne at 9PM

Tuesday June 2nd last night we camped at a short distance from the depot, among the remains of half Burned mules and wagons, the remnants of one of our trains destroyed by the Rebels last winter. Today we moved (page 105) to higher ground in a small grove. Lavergne has but 2 houses left where once was a nice village all has been burned at different times by the contending parties. Our Wagon Train came in at 3PM making 40 miles in 24 hours

Wednesday 3rd Last night we laid in our tents At 2AM we had a heavy shower Today we heard heavy cannonading in the direction of Nashville. I suppose they were firing at targets. I fixed up a bunk for 4 of us and a bench.

Thursday 4th I made 2 shell rings from red shell out of Stone River There was heavy artillery firing all day. There is a Courier line form Murfreesborough to Nashville passing here going by way of Triune and Franklin.

Friday 5th To day we moved our camp on to the hill by the fort, a commanding position. There was an Illinois Regiment camped here all last winter. They left yesterday. The ground is very filthy and we have a hard job to clean it up. I went to the Creek in charge of 20 men about a mile from camp to take a bath and wash. I sent a letter home. We had dress parade at 5 PM (page 106)

Saturday June 6th 1863 Our camp is near an old log and brush Brest work enclosing about an acre. Have a Michigan Regiment halted to camp overnight. Last February on their march from Nashville to the front, soon after they halted they were attacked by 6 times their number of Forrerts(?) and ?_? cavalry and in a fight of 4 hours during which the Rebels charged on them 7 different times. Held their position, whipped the Rebels and drove them off killing a good many Shells and graves are plenty all around the spot. Our pickets fired on each other last night and we were in line for over 2 hours. I slept but little

Sunday 7th I acted as Lieutenant of Camp Guard had a warm time I got a letter form home all well.

Monday June 8th Cloudy and rain last night. Nothing new or interesting going on

Tuesday June 9th We drilled till dark last night and drilled a long time today.

Wednesday 10th A hard rain this morning I am on picket today and have a very throng time

Thursday 11th I got a letter from Zimri Hacket last night and sent one home today. We had a long Battillion drill.

(page 107) Friday June 12th 1863 Clear and warm today--I got a letter from Corrie and one from Wm Smith all are well and doing well. We drilled both before and after noon

Saturday 13th Done some policing and sent letters to my wife, Corrie, and Charlie. We were paid 2 months wages today and I got the \$25.00 bounty that I was to have had at the time of volunteering.

Sunday 14th Clear and Very warm I got my likeness taken yesterday to send home It cost me \$2.00 Company K came to us today from Murfreesboro. A. Forrester John Homan and others of my old neighbors are in this company which was recruited as a sharpshooters company and then assigned to our Regiment and this is the first time they have been with us, since the day we left Camp Dennison. it is now with Burnside in east Tennessee Some of the company K Boys look very hard from sickness I sent a letter to Abel and Thornberries

Monday 15th A little rain last night Forrester and Homan stayed all night with us, new orders today for Camp Regulations etc. (page 108)

Tuesday June 16th 1863 Very warm. I am out on picket at the same old post on the Pike A great many women are passing, going to and from Nashville and we have a good deal of amusing talk with them on various subjects

Wednesday 17th Still warm and much lightening und Thunder in the evening Our captain has been on furlough and joined us again today. I sent letters to Z. Hackett and Wm B. Smith.

Thursday 18th Warm and showery had Drill before and after noon I got a letter from John Humphries Sam McCray came to see us today from Murfreesboro he is in the Pioneer Corps.

Friday 19th We had a long skirmish drill by the whole Regiment.

Saturday 20th I am on Guard today. I got a letter from home, all were well. I arrested several men who had no passes. Reports came in to my post that Morgan is on the march and will attack us tomorrow.

Sunday 21st Quite cool last night we had Inspection Preaching and dress parade but so far have heard no more about John Morgans approach (page 109)

Monday June 22nd 1863 I am on picket at the same old post again An escaped slave came in and brought one of his masters mules with him

Tuesday 23rd Done some tailoring and my washing 23 slaves were passed into our service today to cut wood for the government.

Wednesday 24th We have Revelie at 3AM and stand to our Arms till 6AM every morning now till further orders It commenced raining at 3AM and rained steady all day Drew rations for 5 days.

Thursday 25th Rain again today and the dust of our camp is turned into mud that sticks closer than a Brother. Some alarm in camp and Lieut. Ford and Cap Wilson were much excited they saw what they took for a Rebel flag some miles towards Nashville on the Pike and their imaginations supplied the rest and soon the report was that large forces of Rebels with cavalry, artillery etc were coming down on us forthwith. At last I got a hold of a glass and looked for the alarming objects but could see nothing but a Negroes shirt hanging on a fence stake to dry. Got a letter from home, all were well. Report says Gen Rosecranz sett his Army in motion yesterday after Bragg. (page 110)

Friday June 26th 1863 A very hard rain from 3AM til 9P.M We were in line of Battle at 3AM as usual but soon went to quarters again At about 8AM we heard a heavy explosion that shook the ground like an earthquake. We soon learned that a train had run on a torpedo about a mile from our camp when it exploded destroying the locomotive and two cars but killing no one. Another torpedo exploded close to the station at Laverne in the evening but no harm was done These torpedos are placed on the track by Rebel citizens near here and who are in our camps every day by such means they hope to subdue the infernal Yankee cowards as they call us. No mail Today

Saturday 27th James Brown is again quite sick with Typhoid fever. I got a letter from Wm B Smith today.

Sunday 28th I am on picket near the Big Spring on the pike, a heavy rain this morning

Monday 29th Another rainy day. Our Brigade received orders to march at 4AM tomorrow morning to the front and all is hurry and excitement getting ready to start. (page 111)

Tuesday June 30th 1863 More rain and very warm Our regiment is left here to garrison this post all the rest of the Brigade marched at daylight this morning for Murfreesborough. I am troubled with diarrhea

Wednesday July 1st Very warm Am worse with diarrhea. I sent a letter home with a \$2.50 gold piece in it that I have carried since leaving home Good news from Gen Rosecranz Army. They are pushing Bragg rapidly to the south west and prisoners are passing north by the rail all the time in great numbers.

Thursday 2nd Rain again last night Still we have good news from the front I sent a letter to A. Luddington Cincinnati

Friday 3rd Very warm and more rain. My diarrhea is running into the flux. I am excused by our surgeon from all duty but will take no medicine.

Saturday the Glorious 4th of July I feel some better today This is Independence day. One year ago all seemed to think the war would end before this time, but it now seems to have just began (page 112)

Sunday July 5th 1863 I feel much better and reported for duty. I made 4 rings I send some home and sell a good many from 25 to 50 cts. We have dispatch that Gen. Mead at Gettysburg Pa. has had a great battle with Lee and the latter was badly defeated. Good if true.

Monday July 6th I had a very bad spell with the hives last night came very near suffocating No letter from home for sometime.

Tuesday 7th Rain Rain -- we have rain every day and every night I am on picket on Triune Road have charge of two posts.

Wednesday 8th I feel quite well again -- we have from 2-4 Drills each day and then Dress Parade, and we are getting to be well versed in all the movements of Co and Battillion, as skirmishes, and in column or line

Thursday 8th Rain again last night we have glorious news today of the fall of Vicksburg and all the cannon together with 30,000 prisoners, arms amuniton etc.

Friday 10th Very warm and sultry one of our darkeys died last night, and another is sick with small pox. Sent a letter home (page 113)

Saturday July 11th 1863 Foggy and very warm I am on picket again Triune Road. We had a mail this morning, no letter for me. I saw and talked to a long time with a Brother Chip, an Old Millwright and a good union man. He told me some very amusing stories about the fright of the Rebels after Battle of Mill Springs. I bought some good ripe pears and picked and eat all the black berries I could eat They are very plenty around our post.

Sunday July 12th Last night at about 11 pm. one of our sentinels at the stockade shot at a dog, and there were Two companies of the Ohio Cavalry on picket abut 3/4 of a mile from us on the Pike, after the Sentinel shot at the dog they commenced firing fire away volley after volley at nothing. Our camp was alarmed and there was great clattering of horses along the Pike for sometime but no one was hurt, though one of my sentinels cocked and raised his piece to fire on me as I approached him. I got a letter from Abel, his picture and some files from Luddington (page 114)

Monday July 13th 1863 I am on Camp Guard and have Rain all forenoon. Co. K is under the command of a young squirt Lieutenant Corbin, a very mean fellow with only about half common sense. All the Boys despise him and they play many funny tricks on him. There is a Boy by the name of Cook in the company who is very mischievous A few nights ago Corbins fine Military Boots were nicely blacked and left by his quarters by his darkey During the night some one used them in place of going to the sink, and it is well known that Cook had the diarrhea at the time. Corbin had just sense enough to go and tell the Colonel, and it was soon all over Camp, and every one seemed to be pleased with it except Corbin.

Tuesday 14th Rain as usual. It has rained every day or night since the 20th of June. We have news of the fall of Fort (Port?) Hudson on the 8th of July and Sherman has whipped Joe Johnson at Black River.

Wednesday 15th On picket, same post made 5 rings for \$1.00 Had plenty of Black berries. (page 115)

Thursday July 16th 1863 I made 2 rings today. John Morgan is making a great raid through Indiana and Ohio and all the Old Women of all ages and both sexes are awfully scared. We get very amusing and interesting accounts of his operations and movements, and the alarm of the people in letters and papers from home. "He is passing near where I live" At last accounts Rosecranz is still pushing Bragg. We hear from him most everyday.

Friday 17th Very warm I get a letter from home last night They sent me one with likenesses in that I never received. There were 5 of the couriers and one of the 10th 6 cavalry captured close to our camp last night.

Saturday 18th Clear very warm this is wash day and most of the Boys are at it. I have none to do. I ground up some shells to make some rings for John Stevens

Sunday 19th I am on picket again at the same old post on the Triune Road I wrote a letter home, read the papers and Testament and picked Blackberries. They are very plenty around here. (page 116)

Monday July 20th Rain Rain every day or night Last night a lot of pole cats attacked our post and came near driveing us in, we finally got them holed up, and none of us were hit tho they used their ammunition quite freely for sometime. Sent letters and papers home and to A. Luddington

Tuesday 21st Today we had the hardest shower of rain lightening and thunder I ever saw. We drilled as usual.

Wednesday 22nd It is some cooler today we had 4 Drills and I wrote a letter. I got one from Abel and one from Corrie.

Thursday 23rd Clear and warm I am again at my old post on picket on the Triune Rd. I wrote a letter to Corrie and made 2 rings.

Friday 24th I got some ripe peaches they were very good Played chess some with Lot Wright. No news of any importance.

Saturday 25th Very warm some rain We did not drill any today for a wonder. I can't see how it happened. I made 2 rings and played chess (page 117)

Sunday July 26th 1863 Very warm I was on Camp Guard last night We had preaching at 10P.M Co's A and G went out on a 3 days Scout this morning. I read papers, Testament and slept some.

Monday 27th Cooler and pleasant. I am again picketing the Old post. I have 12 men and 2 corporals with me always here and I have charge of another post of a Corporal and 3 men about 400 yards on my left, I made 3 rings today and picked lots of blackberries, there are bushels of them close to us.

Tuesday 28th Clear and warm. I got no letters today I made 4 rings all but polishing. Plenty of Drill Drill Drill!!

Wednesday 29th Today we drilled alltogether in the "Bayonet exercise" had rain afternoon.

Thursday 30th On picket at the depot heavy rain this morning The 105th Illinois came up from Murfreesborough today. No News Communications Cut again in Kentucky.

Friday 31st Cloudy and thunder, no rain here, played chess and worked at rings. The pay master is here again now (page 118)

Saturday August 1st 1863 Some rain with thunder nothing new, strange, or interesting to note down today

Sunday Aug 2nd Very warm, We had inspection of Arms, clothes, equipments, and quarters. I got a letter from home dated July 13th

Monday 3rd Heavy thunder and rain near us though none fell in our camp. I made several rings, and we were paid today

Tuesday 4th We had Battallion Drill in the morning and Company drill afternoon. Col. Kennett went to Nashville today. I hope to stay

Wednesday 5th Very warm and hard shower. Our company and one from the 105th Ill. are ordered to Nashville to guard a wagon train to go out to the front.

Thursday 6th We came to the depot at 7 P.M to take a train to Nashville. It soon commenced to rain and no train arrived to take us so we camped for the night.

Friday 7th This morning at 8AM a train came up, and we got on it, but we were soon ordered back to camp as they had gotten other troops to guard the train. The usual daily rain. (page 119)

Saturday Aug 8th 1863 Clear and warm we had no drill today I sent \$45.00 to my wife by J.R. Stillwell our Chaplain who started home today on a 15 days leave of absence No important news stirring.

Sunday Aug 9th Clear and very warm I heard a shot fired this morning before light It proved to be at the stockade. Some of the Co. Boys picketed there last night--one of them was out when the relief was put on an soon started to return. The sentinel not knowing that anyone was out, and hailed him He gave no answer and the sentinel fired shooting him through the thigh and he died this morning from bleeding. they will send his body home.

Monday 10th I am picket again and made 3 rings. Col. Kennett went to Nashville.

Tuesday 11th I done my washing and some other work. And worked on rings

Wednesday 12th Very warm I worked at my rings and read the papers I take the Nashville Daily Union

Thursday 13th Got a letter from home. Wrote and sent an answer made 4 rings (page 120)

Friday Aug 14th 1863 Very warm and sultry. I worked on rings, read papers and drilled. Have diarrhea again.

Saturday 15th I am picketing again we had a hard rain and no shelter. I made 2 rings

Sunday 16th Last night was a damp and foggy night and I got no sleep on account of the mosquitos. We had Inspection Today.

Monday 17th We had our usual daily shower. I got a letter from home and was glad to hear that they are all well. I wrote and sent an answer.

Tuesday 18th Clear and warm. I have the diarrhea pretty bad I sent \$3.00 to A. Luddington for more files. One year ago today I volunteered Now 1/3 of time has passed and I am only sorry the Rebels are not whipped and all of us at home.

Wednesday 19th I am on Camp Guard duty today. 3 Rebel Deserters came in last night and a citizen stole a horse saddle bridle and revolver from one of Ward's staff. He left camp but was arrested by one of our pickets. We have orders to march to Nashville at 2PM. I am to take the rear guard with 18 men. (page 121) Thursday Aug 20, 1863 It was past 2PM yesterday before I started. I had orders to keep 1/4 of a

mile in the rear of the Brigade, and to bring up all the stragglers. It was very hot and after the first few miles the Pike was very dusty and the men not having marched any for some time easily tired out. And we had hard work to keep them along and several of my men gave out from blistered feet so that I had to halt frequently to let them rest. At dark we were more than two miles behind the rear of the column and 5 miles from Nashville. I did not know where our Brigade was to camp so I had to follow by guess and it was midnight when I got into the camp of our Regiment on the other side of the Cumberland at Edgefield. I stood the march very well myself. We came 19 miles after 2PM. We are to take the place of the 125th Ill. and Milt Watson an old friend of mine in that Regiment came to see me before daylight this morning, as they were about to leave. We fixed up our quarters and cleaned up camp (page 122). One year of the three for which I volunteered has passed away and the record of events thus far has filled this little book. My health is still good, while so many young and hearty men who started out with us are now under the sod in Ohio, Kentucky and Tennessee. I have safely passed through all the hardships and dangers of the camp, the march, the picket and the Reconnaissance, and all the other duties and experiences of Active Service in the field except being engaged in battle. And thanks to a kind Providence my family are in good health--And I will now forward this record to my dear wife and children and I only regret that the Rebellion is not put down so that I can lay aside my soldier traps and again resume the peaceful pursuits of life. I was in hopes that the defeat of Lee by Mead, the fall of the Rebel strongholds on the Mississippi and the rapid retreat of Bragg, before Rosecrans would induce the Rebels to give up and Surrender, but it seems as though the hopes of foreign recognition and the relief that their Northern Allies, the Copperheads, will (page 123) effectively aid and assist them in the future, still keeps up their courage and induces them to hope against hope that they may succeed. But I am satisfied that their struggle can end only in one way and that is the unconditional surrender of all engaged in the Rebellion and the complete destruction of slavery. I am certain that the people of the free states will never give up the contest until that much is fully and effectually accomplished. May the all wise Providence hasten the much desired end.

EXCHANGE NOTES

By Jean Laws & Letty Schoch

On the recent survey, someone said we should make the exchange newsletters available to members etc. Evidently there is a misunderstanding. The publications reviewed are sent to the society in exchange for our *Quarterly* which is sent to them. After they are reviewed, they are placed in the vertical files in the genealogy section of the Olympia library where they are available for your use. They are filed alphabetically by state and county. Some of them are eventually bound and placed with the bound periodicals in the genealogy section. Because of lack of space, some of the bound ones are temporarily stored at the Montezano library but can be ordered at the reference desk to be sent to your library for your use. A list of those is posted in the genealogy section and at the reference desk. If you have any questions, the column editors will be happy to answer them.

POST-IT NOTES	Testing by the National Archives has shown Post-It Notes leave a residue that can damage books. The narrow ones sold in a set of five colors can pull the printed work right off the page. If you use them in your personal books, be sure the sticky part does not cover any ink. (Fox Valley Genealogical Society (WI), Winter 2000)
GRAVESTONE ENGRAVINGS	An extensive listing of the meaning of gravestone engravings (such as anchors, arches, bird, bugles, garlands, shells, etc.) appears in the Jan-Mar 2001 <i>Prairie Pioneer</i> (Warren Co, IL Genealogical Society). The Oct-Dec 2000 issue has good article on legal name changes by act of N C assembly. A name change you don't know about can really make things difficult.
FAMILY HISTORY	The December 2000 issue of the National Genealogical Society <i>Quarterly</i> focuses on "Putting Family History Into Context." The editor states: "Each writer approaches the subject in a different way. Some instruct, some show by example. Sanda MacLeanClunies surveys ways and means to put human lives into context, June Riedrich Zublic, this year's winner of NGS's Family History Writing Contest, treats a whole family with a Biblical theme—casting each key figure into the light of a historical circumstance that significantly shaped him. John Philip Colletta turns a magnifying glass into a loom, showing how to take one 'boring' vital statistic, dissect its elements with the mind of a Sherlock, and weave from it a piece of richly detailed fabric to clothe that person. Noeline Kile encourages us to more thoughtfully develop characters and storylines—emphasizing the opportunities offered by memory, interpretation, and thematic frameworks."
DATING PHOTOS	<i>Hoosier Genealogist</i> (IN) Mar 2001. This issue has a fascinating and well-illustrated article on using clothing styles to date photographs. Women's clothes are particularly important because their styles changed regularly over time. The article would even be useful for making a period costume it is so detailed. For Indiana researchers there is also an article on the collection available in the Ind. State Library. If you email them at ind@statelib.lib.in.us and give them info on a specific person they will check their indexes. Only charge is 25 cents a page if you want it copied and postage. I did this with great success with one of mine.
PENNSYLVANIA SETTLERS BLM RECORDS	You never know what you'll find in quarterlies from other societies and it may not be what you expect. The April 2001 issue of the Northeast Washington Genealogical Society's <i>Pioneer Branches</i> has a detailed article on the settlement of Pennsylvania as well as local records plus an article on how to use the Bureau of Land Management web site to your advantage.
RESEARCH IN SLC	<i>Trail Breakers</i> (Clark County Genealogical Society, Spring 2001) "Tech Tips" helps get you ready to research in Salt Lake library by listing steps you can do on the computer. This should save lots of time for other things and get your records organized.
WISCONSIN TIPS	The Spring 2001 issue of the Fox Valley (WI) Genealogical Society's <i>Genealogical Gems</i> is truly full of gems useful to everyone. For instance, an article on the Wisconsin Veteran's Museum in Madison and what is in their library and archives, new rules for researching at the Wisconsin Vital records

and really good info on Homesteading and the rules for applying.

CD ROM RESEARCH

"Cool Hints" is a worthwhile column to pick up research ideas you may not have thought of. Another useful article is about all the CDROMs available and how best to use them. We have a number now in the Olympia Library. (*Westward Into Nebraska*, Greater Omaha Genealogical Society, Mar 2001)

QUERY WRITING

Learn how to write a successful query in the *Stillaguamish Star* (Stillaguamish Valley Genealogical Society, Mar-Apr 2001) Then submit a couple of them to our *Quarterly* editor and you may just have good results.

ONLINE RECORDS

More vital records are available online. This issue has a list of all available at this time by state, type of records and years covered. We had good luck in the B C Canada records. Give it a try. The Spring 2001 issue of this fine publication has a good article on Brick Walls and how to get over them. (*The Researcher*, Tacoma-Pierce County Genealogical Society, Winter 2001)

**UNUSUAL SOURCE
OF HELP**

The Boulder Genealogical Society May 2001 *Quarterly* has a really amusing article called "and Doggie made the Difference" on how a family dog's name solved a problem.

MONTANA RECORDS

The Tree Branch from the Dawson County, MT 2001 newsletter tells how they got a bill passed in the Mt Legislature that prohibits disposal of public records without letting the public know ahead of time.

CITY DIRECTORIES

Have you researched in old city directories? Wonder how to go about it and what you may find? The Apple Orchard Chelan Valley Wa G S May/june 2001 issue has a good article on this.

FEMALE RESEARCH

The National Genealogical Society *Quarterly* (Sep 2000) is on "Reassembling Female Lives including Tracing the silent Woman from the shadows of history"; "Mother, Thy name is Mystery," and "Cherchez la Femme! Looking for female ancestors."

**HAMBURG EMIGRA-
TION LISTS**

We may all have to resort to this household hint if our NW power bills continue to climb: To make a warm blanket, cleaned cherry pits were saved and sewn inside flannel. These were put into a warmed oven before they went to bed. The pits retained the heat for several hours and kept the child from freezing in the cold, uninsulated homes. The Hamburg Emigration List is a data bank which includes the personal data of 5 million emigrants to America through Hamburg, Germany 1850-1934. Presently included are 1890-93 from the first phase of 1890-1914. You can access these at www.hamburg.de/LinktoYourRoots/English/Welcome.htm or write to Staatsarchiv Hamburg, Kattunbleiche 19, D-22041 Hamburg, Germany or fax +49-40-42831-3201. (American Historical Society of Germans from Russia, Jan-Feb 2001)

**RESEARCH TIPS FOR
BEFORE 1850**

If your research has "deadended" in the pioneering period (before 1850), a list of helpful hints in *Kittitas Kinfolk* (Mar 2001) may send you on your way. Some examples: families and neighbors usually migrated together; women rarely traveled alone; men usually married women from their neighborhood; and if a seemingly "strange" woman turns up, check the

- man's former home as men often returned to find a wife.
- CORONER'S INQUEST RECORDS "Coroner's Inquest—Early Deaths 1890-1891, Jackson County, Oregon" is an interesting article in the *Rogue Digger* (Spring 2001). These extracted records could be helpful to anyone searching for a death during this time.
- ELLIS ISLAND No name is more closely associated with massive American immigration from 1892 to 1954 when 17 million newcomers came through Ellis Island. An article in the *Apple Orchard* (Mar-Apr 2001) will give you an idea of the step by step process these immigrants went through.
- BIRTH DATES Suggestions for estimating birth dates are presented in the Autumn 2000 issue of the *Minnesota Genealogist*.
- PROTECT YOUR DATA "Share and Beware—Protecting Your Data" lists eight ways to protect your data from appearing in places you never intended when you publicly share your records. (*Tree Branch*, Feb 2001)
- MAIDEN NAME To aid in finding an ancestor's maiden name, Diana Muir advises that you try to visualize how the ancestor and her spouse met and whether they lived near each other. Then search the church records and census for that area. Also pay attention to naming patterns that show up in their family and look in later censuses to see if there are any nieces or nephews of the same name. (*The Family Tree Searcher*, Grays Harbor Genealogical Society, Jan-Feb 2001)
- IMMIGRATION RECORDS (WPA) During the late 1930s the WPA (Works Progress Administration) began a monumental project of centralizing, photocopying, and indexing all the naturalization records in the United States prior to 1906. Only Maine, Massachusetts, New Hampshire and Rhode Island were completed because of World War II. Connecticut has been filmed though not complete. Western Washington was also done. An article in the Fiske Genealogical Foundation *Newsletter* (Mar 2001) provides where, time period, film numbers, and how you can access them. The Seattle Archives has nine series of films and the Olympia Library has the index to the naturalizations of Thurston County for 1850-1974 (these are the ones being published in the *Quarterly*).
- IMMIGRATION VIA THE GREAT LAKES Many immigrants were called "two-boat people" because they sailed from their homeland to Canada and then to the US via the Great Lakes because the passage to Canada was cheaper. Also, at one time, immigration rules and regulations prevented immigration directly to the US in some cases. To locate the records of these immigrants, search the passenger lists of ships that maintained routes on the Great Lakes such as Duluth, MN and Chicago. Other sources would be passenger and arrival lists in local newspapers. (*So King*, South King County Genealogical Society, Mar-Apr 2001)
- EPIDEMICS If you ancestor disappeared during a certain time period, a list of major epidemics 1657-1918 may provide a clue. They may have died or moved to get away from measles, yellow fever, influenza, or small pox. (*Newsletter*, Jefferson County Genealogical Society (Spring 2001)
