*Cemetery Records
of Thurston County,
Washington*

More than 24,500 names from 21 cemeteries are listed alphabetically in three soft cover, comb-bound volumes. Each listing includes the name, date of birth, date of death and any other information on the headstone. The information for all 21 cemeteries is presented in one alphabetical listing. This eliminates the need for an index and for researchers to review every cemetery when searching for an internment in Thurston County. Each volume includes a brief description and/or history of each cemetery.

**LAND PATENT
INFORMATION
SOURCE**

Contact the Bureau of Land Management for information on computerized million-plus land patents from late 1700s-1908 for Arkansas, Florida, Ohio, Louisiana, Minnesota, Mississippi and Wisconsin. Also available on CD-ROM. Send SASE. Bureau of Land Management, Eastern States Office, 7450 Boston Blvd., Springfield VA 22153, or phone 703-440-1600. **DELAYED BIRTH
CERTIFICATES
FOR SOCIAL
SECURITY**

Check the 1940 Birth Indexes for those lost U.S. births you've been unable to find. In 1940 all U.S. citizens who were working had to obtain a Social Security card. To obtain a card, citizens had to provide a birth certificate. Those who didn't have one on file had to go to their county clerk's office and have one registered. A delayed birth certificate was issued with affidavits sworn by relatives or doctors who were present at the birth, or upon proof of birth from a baptismal certificate or of family Bible records. (FAMILY TREE of Ellen Odum Library via WSGS Nov/Dec 1995.)

**SASE & STILL
NO REPLY?**

USE PSYCHOLOGICAL WARFARE! If you are having trouble getting family group sheets back from relatives, make one out as completely as possible, but make the wife ten years older than you think she is. This almost always gets a reply! (WSGS NEWSLETTER Jan/Feb 1996.)

**OHIO MARRIAGE
INDEX SHOULD
BE READY**

A huge project of the Ohio Genealogical Society is about finished - the indexing of that state's marriage records from all of its 56 counties. The project INDEX contact, Jean Nathan, reported the society planned to have the work available for sale by now. If interested in purchase details send a SASE with your request to Ms. Nathan, 3803 Mac Nicholas Ave., Cincinnati OH 45236. (SEATTLE GENEALOGICAL SOCIETY BULLETIN, Spring 1996.)

**OBITUARY
WANTED?**

Check the Tacoma-Pierce Co Gen Soc THE RESEARCHER, Vol 27, #4 - Summer 1996, for an article on ideas for obituary sources.

- WYOMING VITAL RECORDS AVAILABILITY** Wyoming is leading the way in making copies of some older vital records less expensive to obtain rather than greatly increasing the cost as a source of revenue. May its tribe increase.
- The Wyoming Archives now is providing access to early (at least 50 years old) marriage, divorce and death certificates originally filed with the state's Vital Records Office and until now considered confidential. Note that this DOES NOT include birth certificates, which continue to have a 100-year restriction on access through the Vital Records Office. For the others, the Wyoming Archives will provide a photocopy for 50 cents, and a certified copy for \$4. (SEATTLE GEN SOCIETY BULLETIN Spring 1996, excerpted from the FGS FORUM.)
- DID YOUR ANCESTORS GO WEST?** If so, you may be interested in the National Frontier Trails Center, a new museum and study center open in Independence MO. The Center is devoted to collecting and interpreting information pertaining to the American Westward movement, in particular the Santa Fe, Oregon, and California trails. An index to events, dates, locations and individual names mentioned in over 2,000 trail diaries is in progress. The library and archives is located at 318 W. Pacific, Independence MO 64050. (Marin KIN TRACER Vol 19 #2, 1996 & BLUE MOUNTAIN HERITAGE.)
- VIRGINIA BAPTISMS PRIOR TO 1786** All children born in Virginia before 1786, regardless of religious affiliation were required to be baptized in the Episcopal Church, the "State Church" Parish registers giving names, date of birth, and names of parents can be found in the Virginia State Library in Richmond. The address is Virginia State Library, 1786 12th and Capital Streets, Richmond VA 23219. (Walla Walla GEN SOC BLUE MOUNTAIN HERITAGE, Aug 1996.)
- HEREDITARY SOCIETY INFORMATION** Robert R. Davenport's Hereditary Society BlueBook, Genealogical Publishing Co., gives a listing of existing hereditary societies, the requirements for membership, and a contact name and address. (Chelan Valley Gen Soc, THE APPLE ORCHARD, Aug-Sept 1996, from GENEALOGY BULLETIN May-June 1996, by Donna Potter Phillips.)
- STATE OF OHIO HISTORY SURNAME INDEX** The Ohio Historical Society has microfilmed their own 450,000 name index, compiled by the D.A.R. over 60 years ago from county histories and other sources. Individual rolls from this 64 roll collection are available on interlibrary loan by contacting the Interlibrary Loan Department, Archives-Library Division, c/o Ohio Historical Society, 1982 Velma Avenue, Columbus OH 43211. Information consists of index entries only, not information from the original source. (THE RESEARCHER of the Tacoma-Pierce County Gen Soc, Summer 1996, Vol 27 #4.)

SOUTH CAROLINA LAND RECORDS

Beginning in 1741, all persons who had received land in South Carolina after 1719 had to deliver "memorials" to the auditor general, stating the county, parish, location, quantity, names of adjacent land owners, boundaries, and how the present title was received. Originals of these records (including plats and surveys) are found at the South Carolina Department of Archives and History, and copies of the records are available at the Tacoma Family History Center for the years 1704-1775 (FHL Film #23,297-305.) (FHL Research Outline for South Carolina, also carried in Myra Gormley column, via THE RESEARCHER of the Tacoma Pierce Co G.S. as above.)

USE 8870 FORMULA WITH CAUTION!

It seems that the 8870 formula for determining date of birth from age at death given in, months and days, may need adjustments. For example, if the formula gave a birthdate corresponding to the number 18671435, you would have to correct the 14th month to February and add a year to make 1868 and the 35th to the following month again (March) plus an undetermined number of days depending on whether February had 28 or 29 days (and even then it didn't seem to work exactly.) Someone at the Seattle Genealogical Society apparently has applied the formula to a number of known situations and has come up with some additional interpretations and corrections. If the year the person died was a leap year, use 8871 as the correction factor, recalling that 1800 and 1900 were NOT leap years. If the month before the death month had 31 days use 8869 as the magic formula number. If the answer indicates that the person was born on the day "0" then this means that he or she was born on the same day of the month that he or she died. This "simple, clever" formula isn't really so simple and clever after all! (SEATTLE GENEALOGICAL SOCIETY BULLETIN 45:3, Spring 1996, via THE RESEARCHER of the Tacoma-Pierce Co Gen Soc.)

VIDEOTAPE LIFESPAN WARNING

If you use videotapes to record genealogical information you should be aware of its limitations. After a few years the oxide drops off like so much dandruff. In the March 1993 issue of Industrial Photography, Sony of Japan set a maximum lifespan of videotape at 15 years, assuming ideal conditions. You may want to copy your videotape every eight or ten years. The only trouble with this is that each copy is of less quality than the original. Another suggestion is that you copy your family videos to motion picture film which lasts 50 years, or more.

If you have videotaped interviews, it is always a good practice to transcribe them to written copy just in case the tape becomes damaged. (OKLAHOMA GEN. SOCIETY QUARTERLY, #4, 1995, via Sioux Valley Gen Soc PIONEER PATHFINDER, Vol 22 #3, July 1996.)

**STATEN ISLAND
RECORDS**

The Staten Island Historical Society has completed a two-year project to arrange and describe its research collection of family papers, business records, and organization records. The library has a book collection of 15,000 bound volumes and a 150,000 card index of biographical information, bible records and published works on Staten Island families. Write: Chief Curator Maxine Friedman, Staten Island Historical Society, 441 Clarke Ave., Staten Island NY 10306-1198. (COPPER STATE BULLETIN, Arizona State Gen. Soc., via Milwaukee County (WI) Gen Soc REPORTER, August 1996.)

**EARLY
MARRIAGE
TIDBITS**

The wedding feast in 1251 of Margaret, daughter of Henry III, and King Alexander III of Scotland, featured for a few-hundred guests: 1,300 deer, 70 boars, 68,500 loaves, 60,000 herrings, 1,000 cod, 10,000 haddock, 500 conger eels and 25,000 gallons of wine. (REALM, #66 Mar/Apr 1996, Information via Roy Simpson, Worksop, Nottinghamshire ENG)

The term "Best man" comes from the Scots. When a bridegroom planned to kidnap the woman he wanted as his bride he would ask his friends for help. The toughest and bravest of these groomsmen were called the "best men." (THE FAMILY TREE, Dec 1994.)

In 1660, Connecticut law stated that married men who were separated from their wives for more than three years were to be ordered out of the colony.

With the passage of the Marriage Act of 1753 England required that the bride, groom and witnesses must sign their names in the marriage register book. If they were unable to write they were to make an "X" in the book. From 1540 to 1900 there were four different types of handwriting noted in English records: Court Hands, Secretary Hands, Italic Hands, and English Round Hands. Latin was the language used in England to 1773. England passed a law in 1773 that hence-forth all records were to be recorded in the English language.

(Above items from Milwaukee Co. WI Genealogical Society REPORTER, August 1996.)

**INDIAN-WHITE
MARRIAGES
PRIOR TO 1889**

Whites who intermarried with Indians are not listed on the U.S. Census if the marriage took place in OK, AR or MO prior to 1889. They were considered part of the Indian Nation into which they married. In 1905, all Indians had to fill out a claim which included children, grandparents, births, deaths, etc. The National Archives has these applications of the Court of Claims. CANADIAN OR
AMERICAN
CITIZENSHIP?

Citizenship might be a problem if you were born on or near the Canadian/American border. The border between the two countries is the result of no less than seven treaties. Negotiators who signed the treaty of Paris in 1872 relied upon a map drawn 27 years earlier in defining the border. The map's inaccuracies raised boundary questions that were unresolved until 1925. (THE FAMILY TREE of the Ellen Payne Odum Library, Moultrie GA, via Milwaukee Co WI Gen Soc REPORTER, Aug 1996.)

NEW GERMAN-
AMERICAN
HERITAGE
CENTER

A new German-American Heritage Center is planned for Davenport IA ... which will consist of a library, archives, a record repository, theater and offices. An immigrant museum will display books, diaries, costumes, photographs and heirlooms. For details write: GAHC, PO Box 243, Davenport IA 52805. (FGS FORUM via NEWSLETTER of the American/Schleswig-Holstein Historical Society, and via the Milwaukee Co WI REPORTER, May 1996.)

ENGLISH
SURNAMES

In 1463 King Edward V of England made it obligatory for all his subjects to have a surname: "They shall take unto themselves a surname either of some town or colour as Black or Brown, or some art or science as Carpenter or Butler." (THE TREE Jan 1996, via Milwaukee Co WI Gen Soc REPORTER, May 1996.)

What's That Surname??

Being a volunteer for the USGenWeb Project can be an interesting experience. You not only get to help other genealogists with their research, but often come face to face with quirks in the records. Mike Sweeney, of Yakima, recently received a request to check the 1910 Yakima Co Census for: Davidson Jack / wife Jane. Mike looked it up, found the information, which listed Jack, Jane, and one child, and sent it off to the requestor. Imagine his surprise at the following reply:

"Thank you very much, Mike. I think that I wasn't very clear about the surnames vs given names, but maybe it's a good thing. It looks like you found Davidson JACK under the surname Davidson. If so, I was very lucky because the surname is JACK, and I probably wouldn't have checked under DAVIDSON."

Mike went back and checked under JACK ---- nothing!! If the surname you are tracing could be taken for a given name, they might also have been reversed, and you might want to start checking those indexes again!
