In Memory Of
IRVING J. BAILEY
5 Apr 1923 - 30 May 1994

The Olympian
Thursday, June 2, 1994

Irving J. Bailey Jr.

Irving J. "Ted" Bailey Jr., 71, Lacey, died of heart failure Monday, May 30, 1994, in his home.

He was born April 5, 1923, in Jackson, Mich., to Irving J. Bailey Sr. and Arvilla (Hosler) Bailey. He grew up in Bakersfield, Calif., and was graduated from Bakersfield High School in 1941.

He graduated from Long Beach Junior College in 1943, and from Saint Martin's College in 1953.

Mr. Bailey served with the 12th Armored Division in World War II from July 1943 to March 1946. After the war, he moved to the Olympia area and was later married to Virginia Eleanor Borchert Aug. 23, 1953.

He worked for the Washington state Department of Highways from 1948 until he retired as administrative officer in 1977.

Mr. Bailey was a member of the Lacey Sunrise Lions Club, Lacey Historical Society, Mensa, Olympia Genealogical Society, and was a charter member of Lacey Presbyterian Church. He had also served for many years on the Lacey Historical Commission.

Surviving are two daughters, Denise M. Stone, Spokane, and Sandra L. Knauft, Federal Way; a son, Scott A., Lacey; and four grandchildren and two great-grandchildren, and his special friend Marie Lundeen.

A memorial service for Mr. Bailey will begin at 2 p.m. Friday, June 3, in Lacey Presbyterian Church, 3045 Carpenter Road S.E., Lacey. Private interment will be in Olympic Memorial Gardens, Tumwater.

The family suggests that memorial donations may be made to Lions Sight Foundation, Lacey Sunrise Lions, PO Box 3629, Lacey, Wash. 98503. Arrangements are by Mills and Mills Funeral Directors, Olympia.

We are saddened by the death of our member, Ted Bailey, and we extend our sympathies to his family. Memorials in Ted's name may be sent to our society at the regular address.

The Civil War Soldiers System

The Civil War Soldiers System (CWSS) is a joint project sponsored by the National Park Service in cooperation with the Federation of Genealogical Societies, the National Archives, and the Genealogical Society of Utah. The purpose of the system is to provide an automated database of all of the participants who served in the U.S. Civil War. Eventually, the database will become a multi-source compilation of information from many records.

"The goal of the National Park Service in participating in the Civil War Soldiers System project is to further the mission of the NPS by instilling an understanding and an appreciation of the Civil War related parks and their resources, developing public support for preserving park resources, and developing innovative methods for using information management technologies to improve interpretation in all parks." (Civil War Soldiers System: NPS Project Statement)

In 1990, the National Park Service contacted the Genealogical Society of Utah (GSU) to gain information on how the GSU managed large databases and the method and software used for indexing records. During the course of these conversations, it was proposed that the Federation of Genealogical Societies be contacted to see if they would marshall the resources of their member societies to provide volunteers for the data entry. The response was positive and a joint agreement was signed in 1992.

The assistance of the National Archives has already been enlisted, and the General Index Cards have been selected as the first records to be entered into the database. These cards, totaling over six million, represent the three and a half million participants of the Civil War. Further, the resources of the thirteen National Archives and Records Administration (NARA) sites throughout the country were offered for data entry. Eventually the database will contain information on soldiers, units, engagements, campaigns, cemeteries, monuments, and prisons. Since this information will come from a number of sources, the database is envisioned to show multiple entries for the same individual, displayed in an alpha-browse format, much like the Family Search program available at the Family History Centers.

The plans at this point call for the database to be installed on compact discs (CD) in each of the Civil War National Parks, the National Archives and NARA branches, and the Family Search workstations throughout the country. This will make it very convenient to make inquiries about your ancestors in the Civil War. The National Parks at Shiloh and Antietam are currently data entering burial information into a prototype of the CWSS as another source of information. The answers to the most commonly asked questions, "Did my great-grandfather fight here?" and "Is my great-grandfather buried here?" will in the future be only seconds away. The Federation of Genealogical Societies is looking at having enough information available for a prototype database to be unveiled at the Federation's Genealogical Conference in Richmond, Virginia in October 1994.

A crucial part of the overall project is the data entry of the six million General Index Cards. That is where you and I come in. A plan is being implemented to allow you and I to take small packets

of cards, (photocopies, actually, in quantities of about 200) enter the data on our own computers, and then return the packets and computer files. Obviously it will take a lot of volunteers to get this project completed.

One of the nice things about belonging to a genealogical society is the opportunity to help others with their research, and to help make data available to as many people as possible. This is a good chance to help do exactly that. Also, the information comes in small parcels, so it isn't a long commitment in time for any one person!

Please volunteer! You need to have available an IBM compatible personal computer, with 512K RAM, a hard disk, a floppy disk, DOS 3.0 or later, and a printer. If you are willing to help with this data entry project, please write to: Federation of Genealogical Societies, PO Box 3385, Salt Lake City, UT 84110-3385 to volunteer your services. To my knowledge, they are also still looking for a volunteer to be the Washington State coordinator for data entry packets. If this interesting opportunity appeals to you, write and express that interest to the same address above.

Stagecoach Rules - 1877

From the Kansas Heritage Center, via the Washington State Genealogical Society Newsletter, for those of you going back in time in search of your ancestors, here are some travel tips:

- The best seat is the forward one, next to the driver. If you have tendencies toward stage sickness when riding backwards, you'll get over it quicker in this seat and receive less jolts and jostlings.
- If the stage teams run away or are pursued by Indians, stay in the coach and take your chances. Don't jump out, for you will be either injured or scalped.
- In cold weather abstain from liquor, for you are subject to freezing quicker if under its influence than as though you were cold sober.
- But, if you are drinking from a bottle, pass it around. It is the only polite thing to do. Be sure to procure all stimulants before leaving (Dodge City or Fort Elliott) for the ranch (stage) station whiskey is not nectar.
- Don't smoke a strong cigar or pipe on the stage, especially when women or children are present. If chewing tobacco, spit to the leeward side.
- Don't swear, snore or lop over on neighbors when sleeping. Let others share the buffalo robes provided in cold weather.
- Don't discuss politics or religion. Don't point out sites where robberies or Indian attacks have taken place.
- Don't shoot firearms for pleasure while en route as it scares the horses.
- While at stations, don't lag at wash basins or privies. Don't grease hair with bear grease or buffalo tallow, as travel is very dusty.
- Don't imagine you are going on a picnic, for stage travel is inconvenient. Expect annoyances, discomfort, hardships. Bear them with fortitude. Be friendly and helpful to other passengers, and your trip will be a more pleasant one.

QUERIES

Queries by members are free of charge. Non-members may list one free query per issue as space permits. Each query should contain at least one date (or approximation), one surname, one area or other information to identify the person being sought. Queries are subject to abbreviation. All queries should be typed or printed, and should be received four weeks prior to publication (i.e. by June 15 for the July issue).

WORLD WAR I SERVICE RECORDS

A new microfilm collection, consisting of about 24.2 million WWI draft registration cards has been acquired by the Family History Library of SLC. There were three draft registrations during WWI which included all men between the ages of 18 and 45. Draft cards are arranged by state, county or city, and then alphabetically by name of registrant. Search locality index of the FHL catalogue under "United States - Military Records - World War 1914-1918. (Lower Columbia Gen Society, Longview WA, from Myra Vanderpool Gormley's column of 23 Jun 1992.)

OHIO VITAL STATISTICS

The Ohio Bureau of Vital Statistics has a new address: PO Box 15098, Columbus OH 43215-0098.

PHOTOGRAPH FADING STUDIED

According to a new book The Permanence and Care of Color Photographs, by Henry Wilhelm, Fujicolor SFA3 paper, introduced in 1992, can withstand 50 years of display without color change. Kodak Ektacolor and other papers (including other Fuji papers) have a predicted "display life" of only 12 years. Ask your photo studio what paper they use. (WINNEBAGOLAND ROOTS, Oshkosh WI, March 1994.)

MILWAUKEE ARCHDIOCESE CATHOLIC RECORDS ON FILM

Sacramental records of the 10 counties in the Milwaukee Catholic Archdiocese have been microfilmed by LDS. The counties are: Dodge, Fon du Lac, Kenosha, Ozaukee, Racine, Sheboygan, Walworth, Washington, Waukesha, and Milwaukee. Records date from 1850 to 1920. You can use the History of the Catholic Church in Wisconsin (1896) or the Official Catholic Directory to determine the parish you need, as there are records from over 50 parishes in the city of Milwaukee. (WINNEBAGOLAND ROOTS, as above.)

LAST BOER WAR VETERAN DIES AT AGE 111

The last-known veteran of the Boer War (1899-1902) died in Canada in April 1993. He was George Ives, who was born in Britain on 17 Nov 1881. He settled in Saskatchewan in 1903 after the War and died in Aldergrove BC at age 111! (THE LOYALIST GAZETTE, from "Globe and Mail", 15 April 1993.)

CD PHOTO "ALBUMS"

Kodak now has a Photo CD player that displays photographs on a TV screen. Either new or old color negatives or slides can be transferred to a photo CD disc, which holds up to 100 photos and includes an index. Is this the way to store color photos and slides to avoid the deterioration of colors with age? (IGS NEWSLETTER, Oct 1993, via KERN-GEN. Kern Co CA, Dec 1993.)
