ROBERT ELLSWORTH HART
18 Jun 1915 - 9 May 1994

Robert Ellsworth Hart

Robert Ellsworth Hart, 78, Olympia, died Monday, May 9, 1994, in St. Joseph's Hospital, Tacoma.

He was born June 18, 1915, to Daniel Cleland and Gladys Irene (Squire) Hart, in Huntington Park, Calif. In 1930 he moved to Burien. He attended Highline High School and graduated from Western Washington State College in 1949.

Mr. Hart married Marion Stewart on March 28, 1942, in Seattle. They both moved to Olympia in 1986.

He served during World War II in the Army Marine Ship Repair Corps. He taught at Highline High School for 26 years. He played with several music groups, and enjoyed traveling and watching sports. Mr. Hart's memberships included the Lake Burien Presbyterian Church, the DAV, the VFW, and the Sea-Tac Harmony Kings. His highest priority was spending time with friends and family, whom he loved very much.

Besides his wife, Mr. Hart is survived by a daughter, Nancy Jansson, Tacoma; a son Bob, Olympia; a sister, Elinor Elrod, Orosi, Calif.; grandchildren, Brian Bradley Hart, San Antonio, Texas, Jess and Jina Jansson, both of Tacoma; and numerous cousins.

A graveside service will begin at 2 p.m. Thursday, May 12, in Masonic Memorial Park.

The family suggests memorial donations may be made to St. Joseph's Hospital, Tacoma, or Heartspring, 6515 3rd Ave., Kenosha, Wisc. 53143-5199.

Arrangements are by Woodlawn Funeral Home, Lacey.

We are saddened by the death of our member, Bob Hart, and we extend our sympathies to Marion and the family. Memorials in Bob's name may be sent to our society at the regular address.

Olympia Genealogical Society Celebrates 20th Year

This May, our society celebrates its 20th year of organization. Bea Kenworth and Don White designed the first cover for our first *Quarterly*, which has also been used for this anniversary issue. Don White was our first President. Other "first" officers were: Vice President B.J. Moe, Secretary Ann Olson, and Treasurer & Membership Alma Greenwood. B.J., Ann, and Alma are still active members. What would we do without this kind of dedication? Our first Historian was Elizabeth Costigan, who we lost just this last August. She wrote a history of our "beginnings", for that first *Quarterly* in January 1975, which is reprinted here.

HISTORY OF THE OLYMPIA GENEALOGICAL SOCIETY

by Elizabeth Costigan, Historian

The beginning of the Olympia Genealogical Society can be traced to a program presented by Carol Lind and Ardelle Preston of Seattle on May 10, 1974 which was sponsored by the Friends of the Olympia Public Library. Since the response to this program was so great, a meeting to explore the possibility of establishing a local organization was held on May 22. It was decided to form an organization and temporary officers were selected. At this time it was agreed that the reason for "organization [was] to receive help from established genealogy groups in obtaining information and methods of recording materials; to gather and compile a genealogy library; to assist in collecting historic data on Olympia and the surrounding area; to sponsor workshops; and most importantly to share a mutual cooperation and passion in the study and researching of genealogy." After the Constitution and By-laws were written and adopted in October, a permanent slate of officers was chosen and December 31 was set as the date to close charter membership. By this time the Society had grown to sixty-seven members and much had happened.

Among the occurrences were two open-houses in the home of B.J. Moe where the attendees had an opportunity to use her collection of materials and learn from her experience. Ann Olson had organized a file of materials which members have in their homes and will allow others to use. Jan Smith had types and filed a geographical file of member's research and a surname file. Alma Greenwood had set up files in the Olympia Library of catalogs of genealogical materials, periodicals and other useful materials. Monthly programs have featured discussions of census materials, methods of record keeping, how to make the best use of libraries, special help in various geographical locations and naming patterns. Finally, two workshops were presented by Arlene Eakle and Nancy Poolman of the Genealogical Institute of Salt Lake City.

Even though all of this has been done in less than a year the Society does not intend to rest on it's accomplishments, but has many plans for the future with regard to research in the area, continued monthly programs, increasing the collection in the public library and other worthwhile genealogical projects. Hopefully, this is the first of many quarterly bulletins to be published.

Why Should We Belong to the Washington State Genealogical Society??

**Some Ideas by Donna Potter Phillips
WSGS Vice President**

As working genealogists, why do we belong to ANY genealogical society? What has convinced us that fellowshipping with an organized group, dedicated to the same things that we are, is a good idea? And what about the folks who are never convinced?? Is any genealogical association worth OUR time??

It would be my idea that beginning genealogists are enticed into joining any genealogical society, local, state or national, because of selfish reasons: "what's in this for me? how can this group help me?" In the beginning, each genealogist sees his or her problems with horse blinders narrowing their vision. Rather than understanding the concept of "preponderance of evidence," which comes with time, learning and association, the beginning genealogist looks for the one record that will "prove" the fact in question. Time teaches that this rarely happens.

More seasoned genealogists realize that to join together because of a common interest is a good thing. By organizing, and forming together as a group with one interest in mind, that interest is shared by all members. And not only that interest, but hard-core information---answers to questions. No one person can know it all in genealogy---no one person has written every county, read every article or book, or searched every kind of record. By coming together to share information, mostly gleaned from practice and experience, the genealogist learns how to be successful in finding his family history.

Another thing that most seasoned genealogists realize is that it is good to share. We should have learned this in kindergarten, and should have continued to this day to realize that it is by sharing that we gain. Relating this to genealogy, when we share information with others on how to use the library, to use the census, or to write to a genealogical society in Ohio, the teacher has learned too.

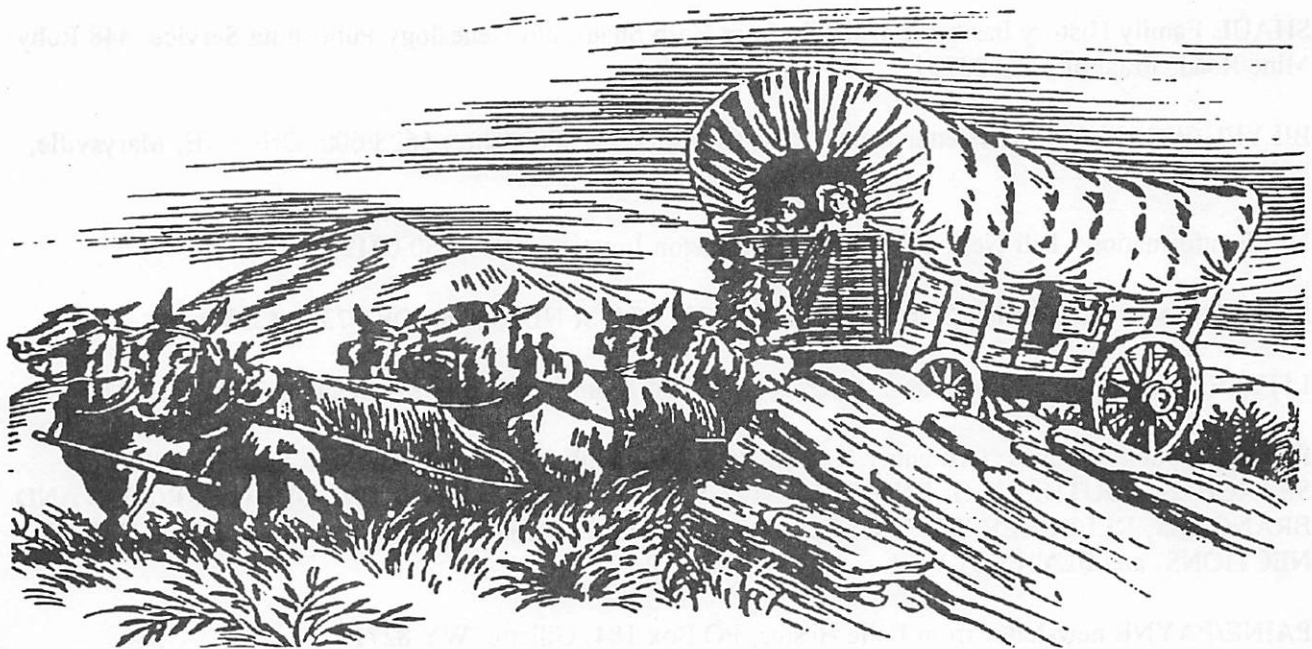

Again, it would be my idea that folks join a genealogical society for primarily selfish reasons, but continue membership in a society if those personal needs are met, and if they personally have the opportunity to develop the skills necessary to doing good genealogy. Most successful genealogists come to recognize and realize that a genealogical society is really vital in their lives.

Which brings us to the Washington State Genealogical Society. Why belong to and support a state genealogical society? The reasons can be "selfish" or "generous." A statewide organization such as WSGS can do things that a local organization cannot do. For instance, what

grass roots genealogical society has a newsletter capable of placing an announcement of an upcoming legislative decision or an upcoming state conference in the hands of hundreds of readers? What local society could research and publish a listing of all known cemeteries in the state? What local society takes it upon themselves to let the entire state know of their hometown programs and workshops? What small society would tackle a project the size of the Washington State Centennial Pioneer Certificates and books?

"But why should I care about those things?" says Ms. Beginner Genealogist. "Why do I care what the group across the state is doing? And I didn't have ancestors in this state, so I don't care about cemeteries or certificates."

I think the answer distills down to this: the beginner genealogists, or the "closet" genealogists (those who never join any society), can and often do make progress in adding names to their family tree. But they oftentimes work harder (laboriously finding information that they could have had by asking), and they certainly have far less fun with the whole thing. It takes vision to join a genealogical society, whether a local or state society. When a genealogist makes the transition from "me" to "we," then their eyes and minds are opened to a wonderful new world of genealogical possibilities. They want to make a two or three hour drive to attend a genealogical workshop, and they want to meet and share information and knowledge. A genealogist will finally realize that all things done by ALL genealogical societies are done to provide learning. It is only by continuing his or her education, in every conceivable form, and from every possible source, that he become a genealogist worthy of the name.

EXCHANGE NOTES

By Myraleigh Farnsworth Peters

NYU TAKES OVER HISTORICAL SOCIETY LIBRARY New York University has taken over management of the beleaguered New York Historical Society Library. According to the 12 Aug 1993 **NEW YORK TIMES**, a one-year agreement between the two institutions took effect 1 Aug 1993, and may eventually be extended.

The agreement provides for NYU to absorb the society's acquisitions, processing, and cataloguing. In return it will gain computer access to the society's 700,000 volumes and more than three million manuscripts, maps and photographs. Combined, the collections represent one of the two or three best collections in the country on American history, Carlton C. Rochell, Dean of the University Library System, told the **TIMES**. (Tacoma-Pierce Co **RESEARCHER**, Winter 1994, from **AMERICAN LIBRARIES**, Vol 4, No 8 (September 1993), pp 694-695.

SEATTLE GENEALOGICAL SOCIETY IN NEW QUARTERS The new address for S.G.S. is 8511 15th Avenue NE. Adjacent parking. Tue-Sat 10:00 am - 3:00 pm Tacoma-Pierce Co **REPORTER** states that this is convenient to the Federal Archives and to the LDS North Stake Family History Center.

ARCHIVES BY FAX RESERVATIONS You may now FAX the Federal Archives for reader reservations. FAX (206) 526-4344. (Grant Co Gen Soc **BIG BEND REGISTER**, Dec 1993)

PRESBYTERIAN RESEARCH SOURCES - ARCHIVES The Presbyterian Historical Society, with facilities in Philadelphia and Montreat NC, preserves an enormous collection of documents and artifacts relating to the Presbyterian Church (USA) and its predecessor denominations. The two society libraries contain over 200,000 titles, and the archives over 11,000 cubic feet of 18th-20th century records. (Sioux Valley Gen Soc, SD, **PIONEER PATHFINDERS**, Jan 1994)

RESTORATION OF BURNED 20th CENTURY MILITARY RECORDS Those who were "victims" of the 1973 fire which destroyed all but a fraction of military records from this century might want to reapply. Apparently some ten million duplicates were discovered by the Veterans' Administration in 1988. Write National Personnel Records Center, GSA; 9700 Page Blvd, St Louis MO. No ZIP given. (Southeast Nebraska Gen Soc **HOMESTEADER**, via Los Angeles West Gen Soc, via Tacoma-Pierce Co Gen Soc **RESEARCHER**, Autumn 1993)

1901 CANADIAN CENSUS ON FILM AT SURREY The 1901 Canadian Census is now available on microfilm at the Cloverdale Library in Surrey BC. This census gives age last birthday, along with month, date, and year of birth. (Seattle Gen Soc **BULLETIN**, Spring 1993)

MISPLACED
CENSUS RECORDS
FOR WI, OK, MT,
WY AND NV

Unless one researches these areas regularly one probably doesn't remember that the 1820 and 1830 Wisconsin census records are with Michigan. In 1860 Oklahoma is with Arkansas as "Indian Lands", Missoula County Montana is with Spokane County Washington (but the rest of MT and WY are with Nebraska Territory), and Nevada is with Utah. GERMAN
EMIGRANT
REGISTER

A new database of place of origin of German emigrants, put together from unusual sources such as young men not appearing before the officer 1871-1918 is now available. The index covers the entire former German Empire. Send emigrant's full name, birth date, occupation, denomination, year of emigration and, if known, name of German state or Prussian province of origin to: German Emigrants' Register, PO Box 1720, D-2840 (W) Diepholz, Germany. Only if the place of origin can be found will you be notified and quoted a fee. (Kentucky Gen Soc BLUEGRASS ROOTS, via Tacoma-Pierce Co RESEARCHER, Autumn 1993)

It is also requested that you forward the names of all known family members with your request.

NEW GERMAN
ZIP CODES

Starting last July, new postal codes were instituted for the reunified Germany. Be sure to check the new postal code Directory for codes of old addresses you may have. (THE RESEARCHER from NGS NEWSLETTER)

FOR GENERAL
AMUSEMENT

If the sources of the following were known, credit would be given. These causes of death were found on Missouri Death certificates:

1. Died suddenly - nothing seriously wrong.
2. Went to bed feeling well - woke up dead.
3. Worn out.
4. Don't know - never been fatally ill.
5. Don't know - died without the aid of a physician.
6. Blow to the head with an ax - contributory cause, another man's wife.

**OBITUARY?
GET IT RIGHT!
WRITE YOUR
OWN!**

Have you ever considered what is going to appear in YOUR obituary? Many obituaries will be of scant use to a future genealogical researcher.....and here are only some of the facts frequently omitted:

1. The woman's maiden name, if she is married.
2. No title to show she was not married.
3. Age is frequently given in years only. Date of birth is seldom mentioned.
4. No summary of where the deceased has lived.
5. Parents names not mentioned, mother's maiden name omitted.
6. Deceased siblings are not mentioned.
7. Interests are sometimes mentioned if they sound good to the person inserting the obituary. Otherwise they are left out.

Is there something that can be done to insure that a genealogist's obituary will be more useful? Yes. Write your own. Keep it up to date. The newspapers do this on celebrities and we can do it ourselves. Set aside the payment necessary to insure insertion of the whole thing. Make doubly sure by instructing the family as to your wishes. (Houston Genealogical Forum, THE GENEALOGICAL RECORD, Dec 1993)
