In Memory Of
BILL AETZEL
20 Mar 1912 - 22 Mar 1991

C.A. Aetzel

C.A. "Bill" Aetzel, 79, a lifetime resident of Olympia, died Friday, March 22, 1991, in Capital Medical Center, Olympia.

He was born March 20, 1912, in Olympia, to George A. and Helen K. (O'Brien) Aetzel. He was graduated from Olympia High School in 1930 and from the University of Oregon in 1935.

He was married to Evelyn E. Byerly on July 29, 1939, in Ridgefield. The couple later lived in Kelso.

Mr. Aetzel was employed by Union Oil Company from 1939 until 1950. He also was engaged in real estate for 10 years. He later worked as a right-of-way agent for the Washington state Department of Transportation for 13 years and retired in 1977.

He enjoyed all sports, especially thoroughbred horse racing, boating and ocean activities. He also enjoyed travel, music and gardening.

Mr. Aetzel was a member of Phi Sigma Kappa fraternity, the Sigma Delta Chi professional journalism fraternity and the University of Oregon Foundation. He was a charter member of Troop No. 3, Boy Scouts of America and a member of the American Diabetes Association, Alsen Kindred of America Inc. and the Governor William Bradford Compact of Plymouth, Mass. He was also a member of the Pilgrim; also, John Howland Society of Plymouth, Society of Mayflower Descendants in the State of Washington, Olympia Genealogical Society, International Right-of-Way Association and St. John's Episcopal Church.

Surviving Mr. Aetzel, besides his wife of the family home, are three daughters, Kathleen Ratzlaff, Normandy Park, Barbara Knight, Seattle, and Helen Slater, Gig Harbor; a son, Judd, Bothell; a sister, Virginia A. Schmidt, Olympia; and seven grandchildren.

A memorial service for Mr. Aetzel will begin at 4 p.m. Tuesday, March 26, in St. John's Episcopal Church. The Rev. James H. Blundell will officiate. Interment will be in Masonic Memorial Park in Tumwater.

The family suggests memorial donations may be made to St. John's Episcopal Church, the American Diabetes Association or Children's Hospital in Seattle.

Arrangements are by Mills and Mills Funeral Directors, Olympia.

We extend our sympathies to OGS member Ev Aetzel and her family in the death of her husband, Bill. Bill and Ev have been members of the society for more than eight years. During this time Bill was mostly involved in New England research, as evidenced by the numerous heritage societies to which he belonged. His family also has a rich Olympia heritage. Bill's father came to the Oregon Territory in 1869, and was a medical doctor at Ft. Steilacoom. He later built a home in Olympia, which is now a Historical Landmark.

Memorials in Bill's name may be sent to our society at the regular address. A book in the area of his genealogical interests will be placed in the library as our remembrance to him.

Formula for Calculating Birthdate

At a recent society meeting a "formula" was introduced to calculate the birthdate of a person from the death date and age at death. Use four digit years and two digit months and days in the following calculation:

Death date (YYYYMMDD)	18890506
- <u>Age at death</u> (Yrs Mos Days)	- <u>710709</u>
(answer 1)	18179797
- <u>8870</u>	- <u>8870</u>
(answer 2) = birth date	18170927 = birth date

If the calculation results in days beyond the end of the month, go into the next month that number of days. (April 35 would be May 5).

BOOK REVIEWS - by Bobbie Scott**THE TERRILL FAMILY**
Descendants of John and Clarissa Terrill

Compiled and written by
Don C. Terrill
William Y. Terrill, Jr.
Dulcenia Elizabeth Hunter Terrill Brooks

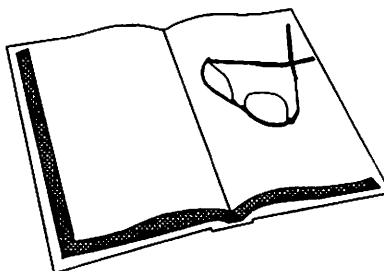

This large volume is a history of the Terrell/Terrill/Tyrrell family of Virginia, Georgia, and Texas. Although this genealogy covers primarily the male Terrill line, there are a number of allied lines mentioned throughout. There are many fine photographs in the later generations, and an ancestor chart for each family. Although the ancestor charts have apparently been sent in by the families involved and are sometimes not extensive, there is enough in each case to tie the pedigree to earlier generations. Particularly for the early generations, there is a good deal of helpful information such as wills, real and personal property owned, etc.

A Register of Addresses for living submitters and an everypname index make this book much more helpful for prospective users. Hardbound, 320 pages plus index & appendix.

**RECORDS OF THE FAMILIES OF
BROTHERS, SWAN, BONAR/REEVES, BEARDSLEY**

Compiled by William P. Brothers

This slim paperback volume is divided into sections by the surnames of the book title. Although some information has been sent in by members of each family, much research has obviously been done by the author, and there are extensive charts for each family. Replicas of old letters, photos, and newspaper clippings will add to the value for family members. Most of these families apparently originated in New England, PA, or MD in the 1600s & 1700s and migrated to the midwest & west except for Brothers, which was from SC and migrated through the southern states. Paperback, about 100 pages. No pagination, no index.

347.7302 Bentley, Elizabeth, COUNTY COURTHOUSE BOOK, Genealogical Publishing, 1990. This book is similar to The Handybook, but up-to-date and has more information. It includes current addresses and phone numbers, custody and dates of coverage of land, naturalization, probate and vital records, who to contact, alternative locations of records, types of search services available, cost of searches, copies, certification and more. It is based on a survey of all county courthouses, and also covers New England towns and Virginia's independent cities. A very useful new tool.

929.37 Filby, P. William, editor, PASSENGER AND IMMIGRATION LISTS INDEX, 1986-1990 Cumulated Supplements in three volumes. The work of indexing published passenger lists continues with about 125,000 new records in each volume.

929.3979 WASHINGTON PIONEERS, Vol. 1 & 2. Compiled and published by the Washington State Genealogical Society, 1991. This is an alphabetical list of proven pioneers who lived in Washington State on or before 11 Nov 1889, and some of their descendants. The information came from the applications submitted by descendants of Washington State Pioneers as part of the Centennial Pioneer Certificate Project.

Guide to the Soundex System

Many of the U.S. Census records have been indexed by use of the Soundex filing system. This system is alphabetic for the first letter of the surname and numeric thereafter, keeping together names of the same and similar sounds but of variant spellings. To search for a particular name, you must first work out the code number for the surname of the individual. No number is assigned to the first letter of the surname. If the name is Kuhne, for example, it will be found in the "K" section of the index. The code number for Kuhne, worked out according to the system below, is 500.

<u>Code</u>	<u>Key Letters and Equivalents</u>
1	b, p, f, v
2	c, s, k, g, j, q, x, z
3	d, t
4	l
5	m, n
6	r

The letters a, e, i, o, u, y, w, and h are not coded. The first letter of a surname is not coded. Every Soundex number must be a 3-digit number. A name yielding no code numbers, as Lee, would thus be L000; one yielding only one code number would have two zeros added, as Kuhne, coded as K500; and one yielding two code numbers would have one zero added, as Ebell, coded as E140. No more than three digits are used, so Ebelson would be coded as E142, not E1425. When two key letters or equivalents appear together, or one key letter immediately follows or precedes an equivalent, the two are coded as one letter, by a single number: Kelly as K400; Buerck as B620; Lloyd as L300; and Schaefer as S160. Such prefixes to surnames as Van, Von, Di, De, le, Di, D', dela, or du are sometimes disregarded in the coding.

EXCHANGE NOTES

by Bob Lieding

Thanks to Jean Laws and other Exchange Note Editors, the number of bulletins and publications received from genealogical societies located throughout Washington and the United States has increased to over 90. Since most of these publications are usually issued quarterly, the society is receiving over 360 items of genealogical information annually. This represents a huge information resource available to you. Are you using it in your genealogical researching?

The Winter 1991 issue of THE RESEARCHER, (Tacoma-Pierce County GS) has reprinted an excellent, detailed 10 page article on the use of tax records in genealogical research. --Don't overlook the proverbial diamonds in your own backyard. Investigate some of the 1.8 million volumes at the Suzzallo Graduate Library at the University of Washington. --A genealogical nightmare: when the progenitor you've identified after years of searching as the first bearing your name in this country turns up in an obscure but unimpeachable source with the initials "d.s.p." after his name. (Latin abbrev: died without issue!)

Kansas Connection. The Kansas Legislature has enacted legislation opening vital records which have been hitherto closed to the public. These records were created prior to 1 July 1911. (LONGMONT HERITAGE, Longmont Colorado G.S. July, 1990.)

Railroad Pension System. Are you aware that the Railroad Retirement Pension System was set up at the same time as the Social Security System? Railroaders received their own SS numerical prefix. Information concerning RR pension records is available from: Railroad Retirement Board, 844 Rush Street, Chicago IL 60611. (NUGGETS FROM PARADISE, Paradise G.s., Feb 1991.)

Dutch Names. A short, informative article explaining Dutch names may be found in DE BONTE KOE, Jan, 1991. This unusual name for a publication is that of a Dutch ship, "the Spotted Cow" which sailed to North America in 1660.

The Whatcom GS BULLETIN for Winter, 1991 cites a marriage in 1904 as: the groom, a shingle sawyer, was the son of a named father, and "don't remember".

Chelan County ancestors? The G.S. of North Central Washington announces they now have 4 volumes containing the complete records of marriages in Chelan County, WA from 1900 through 1990. (APPLELAND BULLETIN, March, 1991.)

For those of you who may be considering the purchase of a computer as a genealogical tool, do check the article "Overcoming Computer Phobia". Also this same issue contains a helpful article on "Tracing Ancestors in Britain". (THE BULLETIN, G.S. of South Brevard FL, Feb. 1991.)

When you attend the National Genealogical Society Conference in Portland, Oregon, you may wish to utilize this opportunity to become acquainted with the library of the Genealogical Forum of Oregon, located in the Woodcraft Building, 1410 SW Morrison St., Suite 812. Their holdings are vast, consisting of over 10,000 books and many items from private collections and family diaries. (THE SOUTH KING NEWSLETTER, South King County G.S., March, 1991.)

Humorous Note: Causes of death reported on Missouri Death Certificates: 1. Died suddenly, nothing serious; 2. Went to bed feeling well, woke up dead; 3. Worn out; 4. Don't know, never been fatally ill before; 5. Don't know, died without the aid of a physician; 6. Blow on the head with an axe - - contributory cause, another man's wife. (NEWS 'N NOTES, St. Louis G.S., Feb, 1991.)

Civil War Soldier Ancestors. Some basic suggestions for finding CW soldier ancestors are given in "Guide to Finding Civil War Soldiers". (MINNESOTA GENEALOGIST, Dec. 1990.)

Researching ancestors in Illinois? The Illinois Regional Archives System welcomes queries from genealogists. Limit 5 counties at a time. Research service provided without charge through: Secretary of State, IRAD, Illinois State Archives, Springfield, IL 62756.

The March 1991 issue of the Grays Harbor G.S. NEWSLETTER reminds us that we may be overlooking important information if we don't check Mortality Schedules. These are lists compiled by census enumerators in 1850, 1860, 1870, and 1880 of persons who died in their census districts in the 12 months preceeding the regular census. -- The 1820-1830 Wisconsin US Census Records are with those of Michigan. The 1860 Nevada Census Records are with those of Utah. The 1860 Wyoming Census is with the Nebraska Schedules, and the 1860 Colorado Census is found with Kansas.

- Missouri newspapers from 1808 to the present are on microfilm, and may be borrowed through inter-library loan from any public or university library. For further information, contact the State Historical Society of Missouri, 1020 Lowry St., Columbus, MO 65201. --Families with ancestors who came to Chicago before 1871: an exception to historical fact that all records were destroyed by the Great Chicago Fire, are the Catholic baptism and marriage records. These are currently being microfilmed by the Mormon Archives. These records, up to 1915, will be accessible in the near future. --The Ohio Historical Society has the microfilmed index to death records from 1908 to 1931, and the death records from 1908 to 1922. (The above items are reprinted in WESTWARD INTO NEBRASKA, Greater Omaha G.S., March, 1991.)

If you think you have heard of every possible genealogical source of information, be advised that early lists of cattle ear marks are stated to be "one of the least known and most neglected sources of genealogical data." Wonder what ear mark old "bossie" had? Check with the town clerk! (NUGGETS FROM PARADISE, Paradise, CA, G.S., March, 1991.)

Danish Genealogy. The leading article is titled "Tracing Your Danish Ancestors and Relatives" and cites important source material in the National as well as the Provincial Archives. --This issue also contains a detailed article on public land records described as footnotes to American history. --If you are researching the 1900 Federal Census, do you know the meaning of the following abbreviations: "Bo", "R", "Pa"? If not, check BLUE MOUNTAIN HERITAGE, Walla Walla G.S., Winter, 1990.

- A new genealogical source. The Soviet Government has released 46 million documents covering 13 million people. These documents, located at Arolsen, Germany, concern prisoner records, Nazi Camp records, and concentration camp documents. Access to the records is through the American Red Cross. --This issue also contains a detailed 5 page article on preparations you should undertake before that next trip to Salt Lake City (or a research trip anywhere!) (BLACK HILLS NUGGETS, Rapid City Soc. for Genealogical Research, Feb, 1991.)

Those planning to attend the NGS Conference at Portland should review the Forum Insider's Extra Special Issue for April, 1991, which presents an overview of activities. --Available for inter-library loan, a microfilm listing 450,000 names from hundreds of history books on Ohio Counties. Obtain particulars from Ohio Historical Society. --Price increase: as of March 1 the cost of copies from National Archives of military, passenger arrival, and Eastern Cherokee application records increased to \$6.00. (THE FORUM INSIDER, April, 1991.)

Have you encountered nicknames in your research (i.e., "Sukey" or "Silla" or "Fronie") and been unable to match them with their given names? The Jefferson County G.S. NEWSLETTER for Winter, 1991, has a full page listing of nicknames. --This same issue also has a fine article on Scottish Family History Research.

Some helpful tips on preservation of your family records and other genealogical items in the Grays Harbor G.S. NEWSLETTER for Feb, 1991. (Note: Check the type of paper and vinyl covers you currently use for your records.)

Among your family photos is there one of a Civil War veteran ancestor? If you will loan this photo to the Department of Army, they will send you a complimentary 8 x 10 copy. For the proper address see the Fall, 1990 issue of THE PATHFINDER (Gen. Assoc. of SW Michigan). --This publication also carries information of the microfilming of 25 volumes of indexes of registered voters in Chicago for the period 1888-1892. This is particularly significant because most of the 1890 Federal Census was destroyed. --Wish to locate a town site which no longer exists? Write to: The U.S. Board of Geographic Names, 523 National Center, Reston, VA 22092.

Probably this falls under Humor, but would you believe that Dominique Dominique, a French farmer, married a waitress names Dominique Dominique. His father and grandfather, also oldest sons were names Dominique Dominique, and they also married waitresses named Dominique Dominique. None of the girls had previously been related! (BULLETIN BOARD, Eastside G.S., Dec, 1990.) What a family tree!

Currently they offer lists on Dutch, Danish, Swedish, Norwegian, German, Latin, Spanish, French and Portuguese. (Eastern Washington G.S. NEWSLETTER, Jan, 1991.)

You might wish to copy the list of Social Security numbers on page 5 of the above cited Eastern Washington Newsletter. As you probably know, the first three digits of the number indicates a particular state.

More SS information: The recent release of Social Security records has provided us with a new genealogical tool. THE GRAVES FAMILY NEWSLETTER for Dec 1990, provides a step-by-step lesson in how to read a SSN. This is recommended as a worthwhile addition to your general reference file. --Also keep in mind when researching the State of Virginia that a statewide mandate required the registration of marriages in each county beginning in 1853. The requirement ceased in 1896, and was not resumed again until 1918.

More on "nicknames": Nicknames and "pet" names found in old letters and diaries, as well as in church records and legal documents can prove troublesome to the genealogical researcher. The Clallam County G.S. BULLETIN, Winter 1990-1991 issue has an extensive list of such names for women, with a smaller listing for men.
